**Project or Program Narrative**

With regard to this finding proposal and the program or project it will support, please write a narrative of not more than 1,000 words. While you are welcome to express your ideas freely, we suggest that you tailor your narrative to cover some of the information requested in the following guiding questions. Alternatively, you are welcome to also answer one or more of the guiding questions directly.

- How does this proposal fit with the mission statement of The Barrios Trust?
- What is the strategy that your program intervention employs, and what knowledge do you have that supports this approach?
- What are your specific, measurable goals for this program, and how do you know that your work is successful in achieving these goals? In the event that this is a new program or project, how will you know that your work is being successful?
- What are the recent accomplishments of the program or project for which you are requesting support? If this will be a new project or program, how will you measure your accomplishments?
- If awarded, how will these funds from The Barrios Trust impact and/or transform your work, this program or project, and/or your organization as a whole?
